

### Does your child/student:

#### Book One: Smart Starts:

- 1. Have any difficulties with language?
- 2. Skip over long or unknown words when reading?
- 3. Often lose yesterday's papers?
- 4. Need constant reminders to do her homework- only to find out she left it in school
- 5. Lose it when given more than 1-2 directions at a time?
- 6. Show limited understanding until the material is explained several times?
- 7. Have a difficult time answering basic questions.
- 8. Get confused when questions are presented differently than how the material was taught?
- 9. Need to be retaught all of the material the night before the test?
- 10. Get overwhelmed when demands require constant shifting such as listening to the teacher, reading and answering questions on a worksheet and then listening again?

#### Book Two: Advanced Smarts:

- 1. Have an easy time expressing herself and using new terminology in class?
- 2. Read accurately and fairly fluently?
- 3. Have most of the papers most of the time?
- 4. Need some support to complete her homework yet is generally responsible?
- 5. Follow multi- step directions independently
- 6. Grasp basic concepts but get lost with anything more complicated?
- 7. Have a difficult time comparing, contrasting, evaluating or reflecting on concepts?
- 8. Answer correctly when questions are different than what was discussed in class?
- 9. Have a basic grasp on the material but doesn't know how to study?
- 10. Need support with complex demands but generally floats along?
